# FUTURE OF CYBER
LIVE HACKING ZONE

19 - 21 October 2022
Prague, Czech Republic

LIVE HACKING ZONE

Three-day professional event - a set of security panel discussions, workshops and a **Live Hacking Show** as the official professional accompanying programme of the international project FUTURE FORCES FORUM (FFF), enabling meeting experts and representatives of the public sector, security and armed forces to discuss key issues in the field of current and future threats and trends in information technology, cybersecurity and defence.

FUTURE OF CYBER CONFERENCE

#3 Future Cyber Defence Panel Discussions

#10 Future Cyber Defence Workshops

Cyber Escape Room (CER)

Live Hacking Zone (LHZ)

Future Forces Exhibition (FFE)

Conference Future of Cyber will be complemented by a Live Hacking Show in the so-called Live Hacking Zone. The Hacking Zone will also provide an opportunity for each participant to test selected partner technologies in real hacking tests and to solve selected hacker tasks within the contest. All participants will also have the opportunity to try out the excercise called Cyber Escape Room (CER), which will practically test their cyber security knowledge. The objective of this professional event is to identify challenges for the national, private and academic sectors in the areas of security and mutual cooperation and also to introduce business opportunities within cyber security and critical infrastructure protection.

MAIN EVENT TOPICS

- **Current cyber threats and trends**
- **Forensic analysis**
- **Cryptography & Cryptanalysis**
- **Cyber security educational platform**
- **Tools and activities for promoting cyber security awareness**

TARGET

- Offer a highly professional event with current security topics
- Facilitate the meeting of people interested in cyber security
- Identify challenges for the academic, government and private sector in the field of security and mutual cooperation
- Communicate business opportunities in cyber security and critical information infrastructure protection
- Include the event as an ENISA event of the European Cyber Security Month (ECSM)

EXPECTED AUDITORIUM

- Experts in the field of information and cyber security
- Representatives of the state administration and institutions managing important information systems
- Representatives of CIIP organizations
- Representatives of private sector using cloud services and operating their own proprietary information systems, in particular banks, telecommunication companies, large industrial enterprises, etc.
- Experts from organizations for which data protection and information systems are the important part of their business
- Representatives of academia

ACCOMPANYING PROGRAMME

- Educational lectures - awarness
- Competitions (CTFs)
- Quizzes
- Hardware challenges
